

INTEGRATED MANAGEMENT SYSTEM

APPROVAL

Resil's state of the art manufacturing facility at Bommasandra, Bangalore has been certified for Integrated Management System (IMS) by Lloyd's Register Quality Assurance (LRQA).

The IMS guides Resil's focus on customers and employees by creating environment friendly processes and safe technologies. It fulfils part of the larger vision to be an organization delivering value and satisfaction to all stakeholders and the community at large.

Some of the benefits offered by this program include:

- Commitment to sustainable development
- Risk mitigation
- Care for environment, planet and people
- Consistent product and service quality levels

Besides the IMS, Resil also adheres to regulations and registrations such as GOTS and OEKO-TEX Standard 100 in our commitment to sustainability.

We believe that these systems will contribute immensely through our offerings to our stakeholders and would lead to increased opportunities world over.
