

# INTEGRATED MANAGEMENT SYSTEM

## APPROVAL

RESIL's state of the art manufacturing facility at Bommasandra, Bengaluru has been certified for Integrated Management system (IMS) by Lloyds Register Quality Assurance (LRQA).

The IMS guides RESIL's focus on customers and employees by creating quality process, environment friendly process and safe technologies. It fulfills part of the larger vision to be an organisation delivering value and satisfaction to all stakeholders and community at large.

Some of the benefits offered by this program includes:

- Commitment to sustainable development
- Risk mitigation
- Care for environment, planet and people
- Consistent product and service quality levels

Besides the IMS, RESIL also adheres to the regulations and registrations such as GOTS and OEKO-TEX standard 100 in our commitment to sustainability.

We believe that the systems will contribute immensely through our offerings to our stakeholders and would lead to increased opportunities world over.
